- Proven plan designs carefully chosen to make the most of each section
- Priced at \$565,000
- Four titled sections ready to go with construction starting on LOT 71

Location is everything and it's hard to beat fantastic Vista Drive!!

A stone's throw from Nelson CBD, you'll find yourself in the middle of town within 5 minutes or, if you're catching a flight, you only need to give yourself 10 minutes and you'll be in the terminal!

With both Boys' and Girls' Colleges as well as Hampden Street Primary School just down the road the kids will be happy, and you'll no longer feel like you're spending your life in the car!

With section sizes ranging between 700m² and 1,000m² you'll have room to spread out and importantly you have a protected view to the bush clad hills with a reserve and walkways on the rear boundary. Being towards the end of the development means no surprises about being built out and you can see the quality of the homes and neighbourhood.

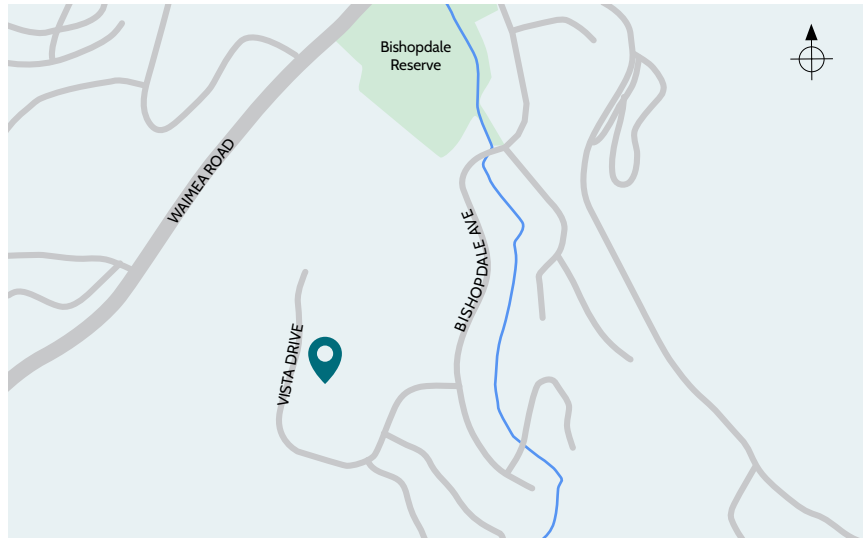

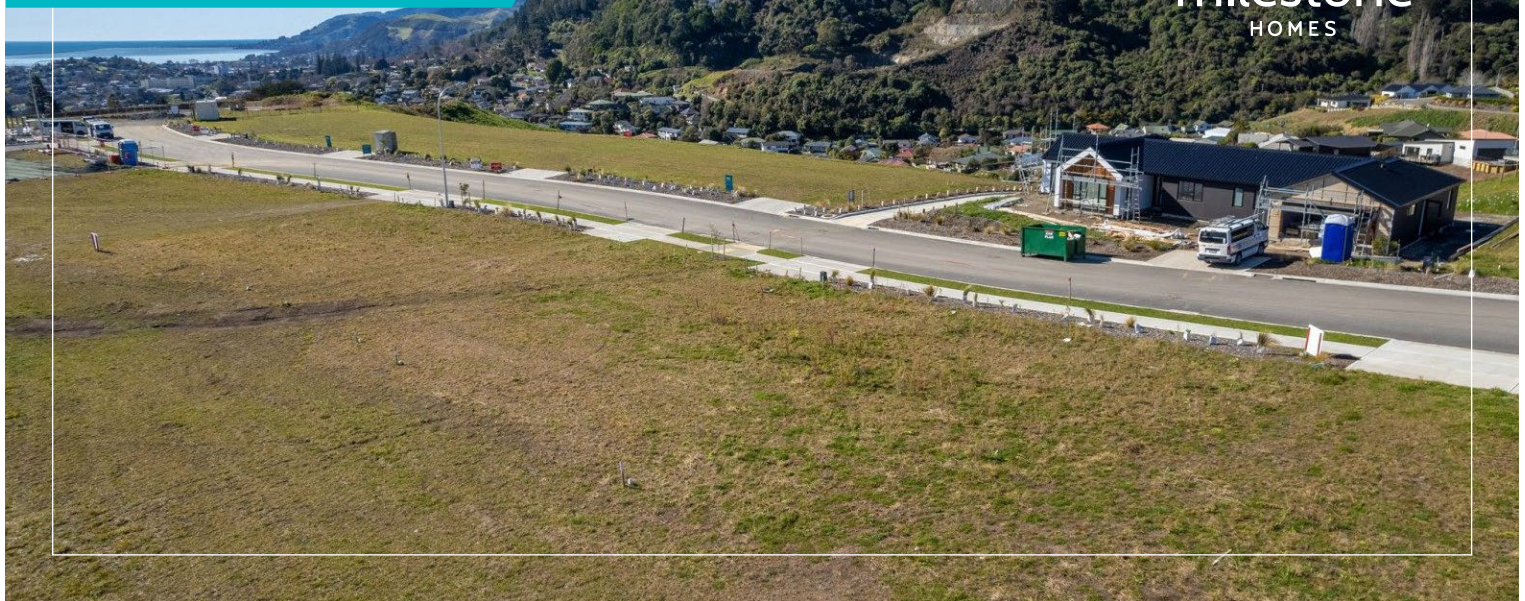

Sections are fully titled, and we have a range of options from bare land to design your dream home, through to turnkey packages ready to start! If you're looking to build or move, then this is an opportunity that needs to be explored.
